Hilltop Construction  
Letter of Recommendation

May, 28<sup>th</sup> 2010

To whom it may concern,

After completion of our recent project in Queensbury I would like to pass along this letter of satisfaction and recommendation.

I have hired Hilltop for two projects now, a new replacement Stewarts Shop in Gansevoort, N.Y. and a new Stewarts Shop with an attached bank, drive-thru and ATM building on Route 9 in Queensbury, N.Y. Dan Washburn, Hilltop's Supervisor, and the entire Hilltop crew was fantastic to work with on both projects. Their professionalism and the quality of their work were exceptional. Both projects were completed within the budget and on time. Tom Albrecht and Dan Washburn were easily accessible throughout both of the projects and handled any concerns promptly. I was extremely satisfied working with Hilltop and I would highly recommend them to anyone looking to hire a contractor for their project. I look forward to having the opportunity to work with Hilltop again.

Sincerely,  
Lee Varney
