Hilltop Construction Company
Mr. Thomas Albrecht
Hilltop Construction Co.
51 Crowley Road
Hudson Falls, NY 12839

Dear Tom:

I write this letter to say thank you for Hilltop Construction's assistance with the "renovation project" for my home in Moriah, New York. It is my hope that you will add this letter to your portfolio of recommendations for new and upcoming customers that will inevitably come within the future of your company.

When I decided to initiate this project and move forward with my ideas, I was certain that I needed to find a company that had been established for a long period of time, was family owned and had maintained a reputation of excellence throughout its years of service. After interviewing several contractors, it was very clear that your professional reputation and demeanor exceeded far above the rest. Having completed the project a year later, I am sure I made the right choice. I was worried the distance factor of me living in Florida would have major significance on the progress of the renovations but I was wrong because your direction and monitoring of the daily schedule and materials was exceptional.

Your employees were impeccable at the job site and the quality of craftsmanship and materials used is without a doubt the reflection of Hilltop's standards that others are able to see when they come to my home.

Thank you so much once again and I hope to be able to work with you again someday!

Sincerely,

Valerie Brace
Home Owner
